On the matter of raising mone Treasurer Blodgett said that it would require 23 cents on the dollar of the grand list to pay interest on bonded debt and instalment of debt becoming due next season, and 17 cents for current expenses. It was therefore voted to raise 40 cents which is ten cents less than last year, and this too will liquidate \$500 more of the debt than last year. This tax will give about \$12,-500, which sum it is estimated will run this village another twelve months.
